

Technical Fact Sheet

NAME:

DRYING AGENT (HP15)

DESCRIPTION:

A concentrated formula for the removal of water and water spots in tunnel car wash applications.

BENEFITS:

Reduced Toweling: It breaks down the surface tension that holds water on the car's finish. Water breaks and runs off quickly.

Glass Protection: It contains no silicone and is non-substantive to glass, so it won't smear or impair vision on windshields.

Enhanced Shine: Special substantive (bonding) surfactants enhance and prolong the life of your car's wax finish.

Concentrated: This product is highly concentrated. One 5-gallon box will treat up to 5,000 cars.

EcoLogo[™] Certified: In order to promote the use of more environmentally responsible products and services, the Environmental Choice[™] Program was established in 1988. The Environmental Choice[™] Program is Canada's only national and comprehensive eco-labeling program. The **EcoLogo[™]** is the recognized seal of approval of the Environmental Choice[™] Program.

PACKAGING:

A 5-gallon plastic carboy.

DILUTION:

Direct Feed: Apply 1/8 to 1/4 ounces (Approx. 3-7ml.) of product per vehicle.

NOTE: Consult your local Turtle Wax distributor for complete information on the wide range of dilution options for this product. Actual dilution or chemical usage may vary based on desired results.

SPECIFICATIONS:

Appearance:	Clear purple thin liquid
Fragrance:	Typical/Alcohol fragrance
pH:	N/A
Density:	7.05 lbs/gal
Emulsifier:	Cationic
DOT Labeling:	None (Non-Hazardous)
