Technical Fact Sheet

NAME:

CRYSTAL POLYMER GLAZE® (HP19)

DESCRIPTION:

A concentrated formula for the removal of water and water spots in tunnel car wash applications.

BENEFITS:

Effective: Hydrophobic (water repellant) sealing agents are deposited on the car's surface to seal out water, weather, salt, and dirt and protect your car's finish.

Substantive Surfactants: This system of low foaming conditioning surfactants insures a smooth, even deposition of sealant.

Clear coat Safe: This product has been specifically designed for today's high-tech, finishes. It is also safe for older conventional paint finishes. It's safe for all car finishes.

Fresh Orange Fragrance: A uniquely fresh, creamy citrus orange fragrance helps signal the application of this unique protective system.

EcoLogo[™] Certified: In order to promote the use of more environmentally responsible products and services, the Environmental Choice[™] Program was established in 1988. The Environmental Choice[™] Program is Canada's only national and comprehensive eco-labeling program. The **EcoLogo[™]** is the recognized seal of approval of the Environmental Choice[™] Program.

PACKAGING:

A 5-gallon plastic carboy.

DILUTION:

Direct Feed: Dispense 1/8 to 1/4 ounce (approx. 3-7 ml) of concentrate per vehicle through a spray applicator.

NOTE: Consult your local Turtle Wax distributor for complete information on the wide range of dilution options for this product. Actual dilution or chemical usage may vary based on desired results.
