Technical Fact Sheet

NAME:

TRIPLE SHINE® POLISH-BLUE (HP-61).

DESCRIPTION:

A blue colored, hyper-concentrated foaming polish protectant for use in all automatic car wash foam arches.

BENEFITS:

Special Surfactants: A unique formulation within a lower pH system provides enhanced cleaning and drying in any carwash environment.

Protection: HP-61 contains special ingredients that will not only provide noticeable shine on the vehicle surface, but also adds a layer of protection to the surface.

Clear Coat Safe: This product has been specifically designed for today's high-tech finishes. It also is effective on conventional and older finishes. It's universally safe for all finishes.

Color and Fragrance: Vibrant blue color along with a cherry fragrance will signal the application of this uniquely protective system.

EcoLogo[™] Certified: In order to promote the use of more environmentally responsible products and services, the Environmental Choice[™] Program was established in 1988. The Environmental Choice[™] Program is Canada's only national and comprehensive eco-labeling program. The **EcoLogo[™]** is the recognized seal of approval of the Environmental Choice[™] Program.

PACKAGING:

A 5-gallon plastic container.

DILUTION:

Direct Feed: Apply 7 to 10 mls of HP-61 per vehicle through foam applicators.

NOTE: Consult your local Turtle Wax distributor for complete information on the wide range of dilution options for this product. Actual dilution or chemical usage may vary based on desired results.
